

# THE TOP 10 SECRETS OF SUCCESS

## for an Extraordinary Life

- Always remember the key principle that the quality of your life is the quality of your communication. This means the way you communicate with others and, more importantly, the way you communicate with yourself. What you focus is what you get. If you look for the positive this is what you get. This is a fundamental law of Nature.
- Stay on purpose, not on outcome. In other words, do the task because it is what you love to do or because it will help someone "if you love your job, you don't feel like working". Don't do it for the money or the appreciation. Those will come naturally. This is the way of the world.
- Remember people's names and treat everyone well. This habit, along with enthusiasm, is one of the great success secrets. Everyone in this world wears an imaginary button that screams out " I WANT TO FEEL IMPORTANT AND APPRECIATED"!
- Read the wonderful book " The secret" by Rhonda Byrne. Don't just read this little book once, read it over and over again. It contains an abundance of timeless wisdom on living a fuller and happier life.
- Extraordinary performers are physically relaxed and mentally engaged.
- Readers are leaders. Knowledge is power. Seek out knowledge and information. The more you know, the less you fear.

- Remember the ancient proverb: "If You conquer your mind, you conquer the world"
- Sleep less, spend less, do more, live longer and be greater.
- People who have achieved great success are not necessarily more skillful or intelligent than others. What separates them is their burning desire and thirst for knowledge. The more one knows, the more one achieves".
- If you have not laughed today, you have not lived today. Laugh hard and loud. As William James said:" We don't laugh because we are happy, we are happy because we laugh."
